PROJECTS

Teacher Database Website for College

Nov 2017 - Feb 2018

This website is developed to get the database of teachers of the college. It is based on HTML,CSS,BOOTSTRAP,JAVASCRIPT,PHP. It is currently working on Intranet of our college.

There were three students working on this project including me.

Attendance Manager Android App

Sep 2017 - Present

<https://github.com/raaviranjan/MyAttendance>

This app helps the students to keep a look on their attendance. It removes the fear of attendance shortage, which is the most common among the college students.
